Subject: DOCKET NO. SDWA-10-2013-0080 / Groundwater Sampling Activities - Analytical Laboratory QC Issue
Date: Monday, September 23, 2013 9:28:23 AM

Rene,

It has come to our attention that six samples (YVD-17, YVD-18, YVD-12, DC-04, DC-05, and DC-05D) that were run on Friday failed high in the ending QC and the analytical laboratory was unable to rerun the samples at that time and thus exceeded their hold times. ARCADIS will be resampling these six wells to ensure that the sample results conforms to the prescribed QA/QC requirements per the Groundwater Monitoring QAPP.

Please let me know if you have any questions regarding this matter.

Thank you

Tom
